

Acclaim for Yorkshire technician

Work featured in calendar and entry gained in list of leading young entrepreneurs

MARK Price, owner of the Elite Dental Studio in Ripon, has won international acclaim for his expertise in the field of removable prosthetics and national acclaim for leadership in business.

In a competition run by Ivoclar, Mark's work was presented in its 2006 calendar, and featured first amongst 11 other entries selected from a pool of 1,700 laboratories worldwide. This accomplishment has won him an entry in *Who's Who of Britain's Young Entrepreneurs 2006* – which identifies the UK's eminent young business leaders.

Every year, exceptional work by dental technicians world-wide is featured in the Ivoclar calendar distributed to the dental industry globally and very rarely does anyone

from the UK get singled out.

manager for Ivoclar, “We were delighted with Mark's innovative attempt to show how dentures can be characterised by the age of the patient. We were also very impressed with the positioning of the teeth and the natural dimensions between.”

Mark attributes his passion for the field to his mentors Tony Kitchen and Chris Egans, who introduced him to an alternative side to prosthetics. “I was extremely fortunate to be taught the finest prosthetic techniques by the finest technicians and to travel around the country teaching these clinical techniques to dentists,” he says.
